## Glossary

[View Full Glossary](#)

### First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

### Mileage Inconsistency

If an odometer reading is less than a previous reading but CARFAX is uncertain whether the discrepancy is a rollback or a clerical error, then CARFAX calls it a "Mileage Inconsistency". In this case, you should verify the mileage with your dealer or a qualified mechanic.

### New Owner Reported

When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

### Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

### Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.

	<b>19</b> Detailed records available

**PRINT AND TAKE THIS CHECKLIST WITH YOU**

This checklist utilizes information from your CARFAX report to help you make an informed used car purchase.

**General Questions**

Is the car still under manufacturer warranty or is a warranty available at the time of purchase?

**Test Drive and Visual Inspection**

Turn on the ignition without starting the car. Do all the warning lights and gauges work?

Ensure the airbag light appears momentarily and goes out upon starting the vehicle.

Do the tires appear to be in good shape and without uneven wear?

Test all internal controls. Do all lights, turn signals, windows and the heater and air conditioner work?

**Mechanical Questions**

Are the brakes and other safety equipment in good working order?

Does the vehicle appear to have been well maintained?

When should you schedule the next regular service?
